

## Eduroam and WIFI

**eduroam** (educational roaming) is HSU's official wireless network. It's a secure, world-wide roaming access service.

You can get eduroam by clicking the “get connected” button here:

<https://its.humboldt.edu/internet-wifi/eduroam>

**Guest WIFI:** HSU offers free use of a self-service guest wireless network while you're on campus. Just choose the HSUGuest option on your device when you are on campus, register with your email and cell number, and we will text you a password.

## Pay for Print

HSU offers Pay for Print access at 60 printers across campus, both wired (in computer labs), and wireless; note that color printing is not available at all locations.

**BSS LOCATION: BSS 316**

In order to pay for printing, students must load funds onto their C-Card (Convenience card), either online <https://c-card.humboldt.edu> or through any cashier on campus.

Registered HSU Students automatically have a C-Card account created. Your account value is stored inside of a computer system. There is no value stored directly on your ID card. The number encoded on the magnetic stripe on the back of your ID card accesses your account in the system.

Cost for standard paper sizes:

- Black-and-white: \$0.04/side
- Color: \$0.25/side

For wireless printing, you must first download the appropriate drivers using the instructions listed here:
